# A Message from the Mayor

March 17, 2020

Dear Friends & Neighbors,

Spring has officially arrived, although it has not been without significant adjustments to your daily life. As you know by now, many of our scheduled Parks & Recreation programs, events, and activities have been canceled until further notice due to the COVID-19 outbreak. We have taken these measures out of precaution and in the interest of our community's health. We will resume normal operations, events, and activities as soon as it is safe and feasible to do so, as we focus on delivering essential public safety services. In the meantime, I encourage you to take advantage of the numerous green spaces within our parks system. Time in nature is proven to have a myriad of health benefits.

Our beautiful tree-lined streets will soon be filled with fresh blooms. I would like to highlight a new tool that will provide you information on the trees in your neighborhood and across Grandview Heights. As a proud Tree City USA community for 36 years, this will be an important feature in managing our urban forestry program including tree service requests. It is available through the City's website or by visiting <https://pg-cloud.com/GHPR/>.

The new concession stand and restroom facility project at McKinley Field continues to move forward. New utilities are anticipated to be installed this spring while construction is slated to begin by late summer or early fall.

I would like to remind you to mark your calendars for several upcoming events. On Thursday, May 21, a memorial service will be held at Memorial Park to honor those from Grandview Heights and Marble Cliff who have served. The Municipal Pool will open on May 23 at 1:00 pm. The Tour de Grandview will

be held on June 12 in addition to the Grandview Hop, which occurs the last Saturday of June, July, August, and September. On August 16, Ray DeGraw Park will be officially dedicated. We encourage you and your family to help us celebrate this event. Finally, we will wind down summer with Tri the Heights, our triathlon over Labor Day Weekend.

Our Parks and Recreation staff are constantly piloting ideas for new programs, events, and activities. If you have an idea for a program that you would like to participate in or would like to see offered, please call (614) 488-3111 or email Taylor

Lindsey ([tlindsey@grandviewheights.org](mailto:tlindsey@grandviewheights.org)) or Aaron Geis ([ageis@grandviewheights.org](mailto:ageis@grandviewheights.org)).

Summer is one of my favorite times of the year. Whether it is the Tour de Grandview, the Grandview Hop, or simply out walking, I always enjoy seeing our residents out in the community. As we anticipate returning to a normal pace of life, specific information about our events and programs can be found on our website at [www.grandviewheights.org](http://www.grandviewheights.org).

Have a great summer,

A handwritten signature in black ink, appearing to read 'Greta M. Kearns'. The signature is stylized with a large, sweeping 'G' and 'M'.

## Summer Gardening

Come grow vegetables with us in one of the oldest Victory Gardens in Central Ohio, Wallace Gardens. Learn how to grow with The Three Sisters: a Native American method of planting corn, beans, and squash. This proven ancient technique has stood the test of time.

Participants will learn the basics of this system while playing games, creating crafts, and sampling our edibles. Everyone will keep a journal to record our progress. We will meet twice a week on Mondays and Thursdays, from 8:30 am to 9:30 am. Our first session will be May 28th and the last session will be August 6th. We will also have a Harvest Party in the fall for all the families; we will determine this date later.

This gardening project is sponsored by the 4-H department and Master Gardeners of The Ohio State University Extension Program of Franklin County.

# Protect Our Streams and Rivers Be a Stormwater Steward!

Did you know that the majority of water quality problems in Ohio are the result of **non-point source pollution (NPS)**? NPS is pollution that cannot be traced to a single source like a pipe outfall. Stormwater runoff is a major source of NPS. Contaminants within this runoff are carried by stormwater straight into our rivers.

Lawn chemicals such as pesticides, herbicides and fertilizer can not only contaminate recreational and drinking water sources, but also harm fish and other aquatic life. Motor oil and antifreeze, paints, detergents and other household chemicals can also poison our waters if we allow them to enter storm drains. Even pet waste can contribute excess nutrients and bacteria to waterways when not properly disposed of.

As a private citizen, there are many ways in which you can reduce your NPS contribution and become a Stormwater Steward:

**Don't Litter:** Every scrap of paper, cigarette butt and soda bottle you drop on the ground may ultimately find its way into a stream.

**Take Your Car to a Car Wash:** Unlike your driveway, car washes collect and properly dispose of dirty wash water.

**Get a Tune-Up:** Cars leaking oil or other fluids contribute toxic chemicals to storm water.

**Dispose of Pet Waste:** Fido's droppings are loaded with E. coli and other bacteria, not to mention nutrients that cause algae blooms and harm aquatic life. Collect and dispose of pet waste in refuse containers.

**Dispose of Household Hazardous Waste Properly:** Never dump old paint, solvents or other chemicals down the drain or into the storm sewers.

**Limit Use of Lawn and Garden Chemicals and Dispose of Lawn Waste Properly:** If you read the label, you'll find that many lawn

and garden chemicals are extremely toxic to fish and aquatic insects, not to mention poisonous to humans! Lawn waste should never be dumped down storm drains. Yard waste can be composted, chopped with a power mower for use in landscaping, or bagged for pick-up.

**Why Protect Stormwater? Because It's the Law!** The City of Grandview Heights Codified Ordinance 937.03 "Stormwater Management Prohibited Discharges" explicitly prohibits any discharge to the storm sewer system that is not composed entirely of stormwater. Illegal dumping/ discharging of prohibited substances could result in fines and may be classified as a minor misdemeanor!

You are the eyes of our community. To report illegal dumping or other stormwater issues, contact the City Service Department at 614-488-4728.

## Community Information

We invite you to visit the City's website at [www.grandviewheights.org](http://www.grandviewheights.org). You will find interesting and helpful information for each of the city's departments including contact information, hours of operation, key areas of responsibility as well as program descriptions, forms, permits and other documents. From the Parks and Recreation page, you can view a complete copy of this semi-annual program guide.

That's only the beginning of what is offered: there is a community calendar highlighting

upcoming special events and meetings, and links to multiple community partners like the Grandview City Schools, Public Library, Chamber of Commerce, Historical Society and the Education Foundation. Visitors to the City's website can also view City Council agendas and meeting minutes, apply for a city job, or browse any of the city's codified ordinances.

There's still more... select the Facebook or Twitter icons from the home page to be automatically notified of city news and

happenings. Report a concern, or go to "e-News Sign-Up" to be notified via your mobile phone, tablet or other device of upcoming events and meetings. There's even an "Alert Center" which will provide you with emergency information specific to our community should the need arise. We encourage all residents to sign-up for this service. In addition, you can register for many of the city's programs and services, and pay for them, from the website. Be sure to visit [grandviewheights.org](http://grandviewheights.org)!

## 2020 Leaf Pick-Up Schedule

The City of Grandview Heights will start regular pick-up as needed.

Please rake leaves to the tree lawn curb area next to the street. Do not rake leaves into the street as the leaves may block the storm sewers or may start a fire when a car is parked on top of them.

Leaves may also be bagged and left at your normal pick-up area for Monday yard waste pick-up through the end of November. If you bag, please use the large biodegradable lawn and leaf bags.

Please note that no regular yard waste should be intermingled with the leaves. Thank you.

## Special Needs

If you are elderly and/or physically disabled, please contact the Department of Service at 614-488-4728 to make special arrangements for solid waste pickup.

## 2020 Street Sweeping

Weather permitting, street sweeping is tentatively scheduled for December, after leaf season. The exact dates will be advertised in This Week Tri-Village News and posted on our website.

Your compliance with the “no parking” signs for street sweeping is critical to enable the City to remove debris from the gutters and streets, which, if allowed to accumulate, contributes to localized flooding.

## Hazardous Household Materials

For disposal of paint, and other hazardous household materials not listed above, please contact the Solid Waste Authority (SWACO) at 614-871-5100 for a schedule of drop-off locations. S.W.A.C.O. will not accept: appliances, tires, trash, propane tanks (over 20 lbs.) asbestos,

needles, medical waste, used oil, car batteries, household cleaners and latex paint. Latex paint, when dried, is not considered hazardous and can be disposed in your bagged and tied trash. If the latex paint is not dried, stabilize it with kitty litter or sawdust before disposing of in the trash. Visit [www.swaco.org](http://www.swaco.org) for more information.

## Appliance Disposal

**The EPA licensed recycler that the City of Grandview Heights uses, no longer accepts freezers, refrigerators, air conditioners or dehumidifiers.**

**The City can no longer pick up or store these items, as we are not EPA licensed to handle them.**

Please contact the following for disposal:

## Yard Waste

Organic material only, NO plastics.

From April through November, yard waste, if properly bundled or packaged, will be picked up on Monday for all Grandview Heights and Marble Cliff residents. Yard waste shall not be set out earlier than one (1) hour prior to sunset on Sunday. Unless otherwise indicated, bundles or bags of yard waste shall be placed next to the alley or if no alley exists, behind curb at the street.

Tree limbs and shrubbery must be cut and bundled with biodegradable twine or string (no wire, plastics or nylon string). Bundles should be no larger than 2 feet in diameter, 4 feet long and weighing no more than 50 pounds per bundle.

All storm damage must be treated the same as yard waste unless it came from a public tree. All private brush which falls on city right-of-way will be cleared by city crews either by returning the debris to the property of origin or by chipping if it would be more efficient.

Grass, leaves and plant materials must be placed in biodegradable paper or other paper bags, not to exceed 30 gallon capacity (plastic or biodegradable plastic are not permitted).

Neither dirt-covered roots nor soil will be accepted.

Residents may use a refuse container for yard waste. The containers must display a “Yard Waste” sticker (obtained by calling 488-4728), weigh no more than 50 pounds when full, and should not have limbs stick out more than 12" above the top of the container.

From December through March, yard waste may be dropped off at the Service Department between 7:30 am and 3:30 pm weekdays.

# Grandview Heights Urban Forestry

The City of Grandview Heights is fortunate to have a beautiful and diversified urban forest. Tree maintenance has been part of Grandview Heights for many years and is regulated by ordinance. Public trees are an asset from which we all benefit. They provide many economic, environmental and social benefits in addition to improving the overall image and appearance of the city. The majority of trees between the sidewalk and curb are public trees although this may vary.

Our tree program covers all aspects of urban tree care. We conduct inspections on a yearly basis to locate clearance problems (i.e. limbs blocking traffic signage, lighting, walks or street right-of-way), hazards, as well as future

planting sites. The majority of the work is performed during the winter months, with the remainder being completed during the summer. Any trees removed during this process are replaced the following fall.

Most work is performed after notification with the exception of some clearance issues. Any resident wishing to maintain a city tree or excavate on public right-of-way adjacent to a tree must first contact the city arborist (Ordinance 921.07). Any special requests or concerns should be forwarded to the Parks and Recreation office. Tree removals, pruning and plantings on city right-of-way are done at no charge.

Each year we have a tree sale where trees can be purchased for public or private property. Any trees intended for the public right-of-way must be pre-approved. Permits are available at no cost, at the Parks and Recreation Office and must be submitted and approved prior to planting. This allows us to suggest proper plant selection, and to avoid future tree and utility conflicts. Trees can also be purchased as a way of memorializing a person or event.

The City of Grandview Heights has been a Tree City USA for 35 years and looks forward to continuing this tradition of excellence.
